

## environment, forestry & fisheries

Department:  
Environment, Forestry and Fisheries  
REPUBLIC OF SOUTH AFRICA

- APPLICATION:** Must be submitted on a Z83 form with a copy of a comprehensive CV, certified copies of qualifications and ID document in order to be considered, and forwarded for the Director-General, Department of Environmental Affairs, **Private Bag X4390, Cape Town, 8000 or hand-deliver to 63 Strand Street, Cape Town.** The National Department of Environmental Affairs is an equal opportunity, affirmative action employer. It is the applicant's responsibility to have foreign qualifications evaluated by the South African Qualification Authority (SAQA). Correspondence will be limited to successful candidates only. If you have not been contacted within three 3 months after the closing date of the advertisement, please accept that your application was unsuccessful. The Department reserves the right not to make an appointment.
- POST:** **DIESEL MECHANIC: MARION ISLAND (APPROXIMATELY FIFTEEN MONTHS CONTRACT) – REF NO: OC23/2020**
- SALARY:** **R 376 596 per annum (plus 37% in lieu of service benefits)**
- CENTRE:** **MARION ISLAND**
- REQUIREMENTS:** A National NTC 3 certificate or relevant comparable qualification, with a minimum of three years post trade experience. Competency in diesel engine and generator maintenance, diagnostics, repairs and fault-finding, with knowledge of engine management systems, experience in operating electronic diagnostic tools as well as the ability to interpret results. The candidate has to be familiar with good workshop practices, correct use of basic workshop tools and an understanding of current work, health and safety policies. It would be an advantage if there is experience on refrigeration. The incumbent must be computer literate, have good verbal and written communication skills and the ability to work in a team.
- DUTIES:** The incumbent will be responsible for maintenance and operation of the power generators and related equipment. Maintenance and repairs of air-conditioning, refrigeration-, water reticulation- and waste water systems. Replacement and repair of mechanical pumps and valves as well as pipe fitting. Maintenance and all repairs of forklift, telescopic cranes, portable generators and transfer pumps. Operate forklift and cargo handling equipment. Maintenance of field huts and field equipment. . The incumbent will report to the team leader and will be part of the technical team, led by the technical team leader that has to perform any additional base related technical functions.. Prepare monthly and annual reports, do stock-takes to order spares and equipment and do other common "non-technical" duties performed by expedition members.
- NOTE:** The incumbent will execute duties at a Sub/Antarctic Base and adhere to the health, safety and environmental requirements. The successful applicant will spend a full year (April 2021 to May 2022) at Marion Island. *There is no option to return to South Africa before May 2022.* The ability to work and live with small groups of people is thus essential. Although the base is well-equipped with e-mail, fax and satellite telephone facilities, the applicant has to be self-sufficient and self-motivated. The location may affect both the physical and mental well-being of the incumbent, their family and close relationships. Candidates must be physically fit, mentally strong and prepared for physically challenging and satisfying work. In addition the successful candidates may often be called upon to work long hours in extreme conditions on duties unrelated to their function. Short-listed candidates will be subjected to screening and security vetting to determine their suitability for employment. Appointment to these positions

is subject to a rigorous medical examination as well as psychometric assessment, which will be arranged for at no cost to the applicants.
